# CRITICAL INCIDENT RESPONSE PROTOCOL

## Purpose

Critical incidents globally, nationally, regionally and locally have an impact on the Guilford College community. At times there is a need for the College to respond, through delivering messages to the campus community (and sometimes to the wider community including parents and alumni) and providing support resources for campus constituents. This protocol outlines ways in which this is accomplished in a well-coordinated fashion and attends to community care.

## Definition

Critical incidents are events outside the normal experience that pose actual or perceived threats that can overwhelm both an individual's and organization's coping resources.

## Resources

*Safety Report*

*Emergency Operations Plan*

*Community of Care Form*

Items not included below that are considered Emergency are items such as: active violence against community members, severe weather, fire, utility failure, law enforcement activity, and timely warnings

## Procedure

**Step 1:** In the event of a critical incident, members of cabinet or faculty, staff or students, will work with the Vice President of Communications & Marketing (C&M) (and other relevant leaders) on a response plan to include communications, if warranted, to the campus community and wider community if necessary.

**Step 2:** In collaboration with the Vice President of Communications & Marketing, the listed department/office will prepare a message to share internally. The President, in consultation with the cabinet, will determine if a response needs to be shared externally, ordinarily by the President.

**Step 3:** A timeline for sharing information and the channels through which the information will be shared will be confirmed.

**Step 4:** Information will be shared, and a plan for following up or responding to questions and feedback will be established.

## Community Response Team:

Director of Counseling  
Director of Public Safety  
Senior Client Services Manager

Dean of Students  
Provost

Director of Transformation and Inclusion  
Director of Human Resources  
Vice President of Communications & Marketing
